

RLD Bible Reading Schedule

For our lives today which is under the new covenant given through Jesus Christ the most important thing for us to hear from the Bible are His words. Next important would be the words recorded by His followers in Acts, the epistles, & Revelation. And the third most important would be the Old Testament. All of the words in the Bible are important for our Christian walk and we should put them in the right priority. This schedule is arranged to take the reader through the New Testament gospels (the words of Jesus) four times a year and the Acts, the epistles, & Revelation two times a year. The Old Testament is divided into two parts so it can be read in two years by reading one part each year or in one year by reading both parts. The New Testament assignments are by full chapters and the Old Testament is adjusted to round out an average* amount of reading. The Old Testament assignment is where to read to from the previous day.
